alpina 'Constance'	Promising	To 10'	Semi-double deep rose-pink with good rebloom		

GREAT PLANT PICKS

Taxa	GPP	Habit	Flower	Comments	Image
alpina 'Frankie'			Good rebloom		
'Andromeda'					
angustifolia (syn. hexapetala)			Small white fragrant blooms	Sweet scented. Not in trade. Narrow leaves.	
'Arabella'			Light purple	C. integrifolia x C. viticella large-flowered hybrid	
'Asashimo'			Light blue		
'Blue Angel'		To 8'	Light blue, with blue jean wash, textured		
'Caspar'			Iridescent purple	Brewster doesn't recommend	
campaniflora 'Lisboa'			Purple		
coactilis			Small white fuzzy blooms		
connata			Fall blooming	Good foliage texture	
'Daniel Deronda'					
'Duchess of Edinburgh'			Double white blooms		
'Durandi'	Promising		Deep indigo blue	Doesn't climb/cling	
'Edomuraski'		To 6-8'	Dark violet-blue with red ribbing		
'Etoile de Paris'				Purplish new growth	

GREAT PLANT PICKS

Taxa	GPP	Habit	Flower	Comments	Image
flammula			Small, white, star-shaped	Glaucous quality. Late season fragrant bloom.	
'Fuji Musume'			Pale lavender	Brewster says it's the nicest of the blue clematis from Japan. Sparse branching	
'Gekkyu-den'	Promising	To 8-10'	Opens yellow-green in May and fades to white	Excellent seed heads. Best large-flowered yellow clematis	
'Hom of Plenty'			Large lavender	Old form	
'Hanajima'				C. integrifolia hybrid	
'James Mason'			White, in May; repeats		
'Jorma'			Large purple-blue presented in arching pairs	Blooms stand away from vine	
'Jubilee 70'			Long reddish-purple, from May-July	Used as breeding plant because of floriferousness	
'Kacper'			Purple, with a red splash	Not really hardy	
'Kardynal Wyszyński'			Magenta red		
'Kasugai'	Promising		Substantial dark lavender, with yellow centers	Substantial foliage	

GREAT PLANT PICKS

Taxa	GPP	Habit	Flower	Comments	Image
'King George V'			Deep lavender		
'Lady Caroline Nevill'			Large lavender; reblooms well	Good for containers. Hard to get started	
'Luther Burbank'			Large, lavender. Long and repeated bloom		
macropetala 'Albina Plena'			Good rebloom	Brewster Rogerson calls it the best of the whites	
'Marie Louise Jensen'			Dark purple, with ruffled edge		
montana 'Thea'				Dark foliage	
montana v. rubens 'Broughton Star'		To 10'		Good foliage	
'Mrs. Cholmondeley'			Big, light blue		
'Mrs. George Jackman'		To 8'	White with big eye; very floriferous		
'Mrs. Tage Lundell'		To 8'	Lavender blooms with red striping		
'Nadezhda'	Promising		Raspberry blooms	Dark-veined foliage	
'Perle d'Azur'		>8'	Azure-blue		
'Peveril Pearl'			White to lavender; big		
'Pillu'				Patented	
pitcheri			Small, bell-shaped, purple		
potaninii ssp.. fargesii		To 12'	Late season, white		
'Prince Charles'		To 8'	Blue	Similar to 'Blue Angel' but smaller and bluer (but lighter than 'Perle d'Azur')	
'Prins Hendrik'			Huge, lavender	Not in American trade	
recta 'Lime Close'			Small, white, fragrant	New foliage red	

GREAT PLANT PICKS

Taxa	GPP	Habit	Flower	Comments	Image
reticulata			Fat, bell-shaped, with pinkish blush		
'Richard Pennell'			Large, rich, purple-blue	Not long-lived	
'Romantika'			Dark purple black flowers	Prone to powdery mildew	
'Royalty'			Purple-mauve	Susceptible to powdery mildew	
'Sisaja Ptitzza'		3-4' shrub	Denim-purple with six narrow sepals		
'Star of India'			Purple-blue with red striping		
'Golden Harvest'			Yellow bell with dark centers	Small leaves. C. tangutica hybrid	
'Helios'	Promising	6'	Golden 1-1½ bells	Best tangutica hybrid excellent seed heads	
'My Angel'			1" golden lantern-like with a dark burgundy reverse	C. tangutica hybrid	
'Tenri no asa gasumi'			Lavender with white center stripe		
'Duchess of Albany'	Promising (all C. texensis forms)		Tulip-shaped; deep pink with white stripe	C. texensis hybrid	
'Graveye Beauty'	Promising (all C. texensis forms)	To 10'	Tulip-shaped, rich, crimson red; long bloom	C. texensis hybrid	
'Unzen'					
'Venosa Violacea'		To 15'	Two-tone, purple and white	One of the most ornamental	
'Viola'	Promising	To 10-12'	Dark violet, cup-shaped; long blooming season	One of Maurice's favorites	
'Violet Elizabeth'		To 6-8'	Double pink	Not very vigorous; sparse branching	
viticella 'Alba Luxurians'			White, tinged with green or mauve, late	C. viticella hybrid	

GREAT PLANT PICKS

Taxa	GPP	Habit	Flower	Comments	Image
viticella 'Betty Corning'		To 10'	Long bloom period, sweetly scented, pale violet, bell-shaped	C. viticella hybrid	
viticella 'Minuet'			White, with pinkish-purple veins	C. viticella hybrid	
viticella 'Polish Spirit'	Selected (2002)		Mid-June to August, rich purple-blue; very floriferous	C. viticella hybrid	
viticella 'Royal Velours'		To 8'	Dark wine-red, with a darker center	C. viticella hybrid	
'Warszawska Nike'	Promising	To 6-8'	Large red-burgundy, fading to purple starting in May and continuing through August	Medium green foliage	
'Yaichi'					
'Yamoto'				Susceptible to virus	
'Yukikomachi'		To 6-8'	White to lavender to gray	Weak branches
