

Pulmonaria Field Evaluation Report

July 18, 2001

Judges: Greg Graves, Lorene Edwards Forkner, Marietta O'Byrne, Ernie O'Byrne, Grace Dinsdale, Dan Hinkley, Alex LaVilla, Carl Elliott
 Notes: Evaluations took place at Heronswood Nursery in Kingston, WA

Taxa	GPP	Habit	Foliage	Flower	Comments	Image
'Benediction'		12" x 18"	Dark green mound with hint of mossy speckling	Rich blue	Floriferous	
'Cotton Cool'	Promising		Good silver mottling	Blue, April	Good all season. Terra Nova has it on their availability list	
rubra 'David Ward'		1' x 1'	Long sage-green, edged in silver	Coral-red, March to April	Silver edge burns in sun	
longifolia 'Bertrand Anderson'			Summer mildew	Bright blue		
'Pink Haze'			Good spotting	Large blooms, all pink		
'Majestic'			Pure silver foliage		Not affected by mildew	

Marietta O'Byrne notes: "So far I have been very impressed by a new pulmonaria, 'Majestic'. Leaves are pure silver and show no mildew. Will see what the flowers are like next spring.
